VEHICLE / CAR BUYING & SELLING MANAGEMENT SYSTEM

INTRODUCTION

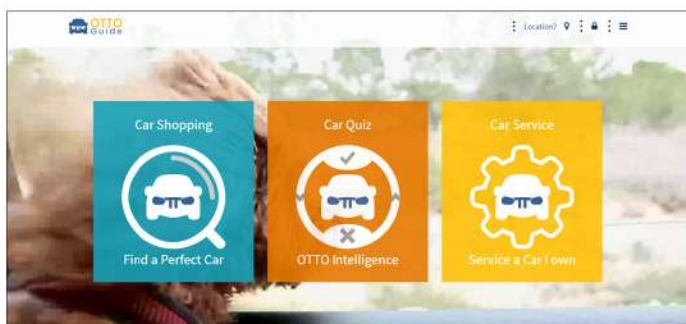

At vehicle management, we take pride in the various vehicles that are offered from all over the area. Whether you're searching for a large vehicle, a small one or something for more space for the family; you're able to find the best prices on used vehicles being offered from the area you're searching in, as well as providing a way to search through the available options depending on your preferences and budget you have to spend.

The new platform is designed to streamline the car-buying process for consumers, dealers by offering the single platform that connects the entire deal process. Provide a car buying experience that allows consumers to research cars based on certain attributes that are important to them. Confining consumers to a year, make, model, price etc. This is why majority companies give the option for buyers to find products based on certain criteria.

- * **Find a Perfect Car:** Search for 100s of thousands of vehicles from thousands of dealers nationwide.
- * **Communicate Anonymously:** Don't receive 100s of emails because you just wanted to ask a question! We protect your privacy and anonymity.
- * **Real Time Pricing:** Our pricing is real time.
- * **Review Your Experience:** A good deal is one you feel good about please share your feel good experience and help the community.

Modules of Car buying and selling are as follows:
